

WHO WE ARE

The Schlegel Story

Building on a 70-year tradition of providing care and quality of life for older adults.

Family owned and operated since 1953, we create places where elders can live a life of meaning and purpose while continuing to stay connected and contribute to the broader community. Social belonging is essential for people of all ages, and the Village design encourages interaction and relationship building. Schlegel Villages' commitment to serving and respecting our elders has been guided by the family culture and values that have remained strong over the course of three generations.
