

NEW

Attention visitors

Mandatory vaccination required to enter the Village

General Visitors

General visitors are **not permitted** to visit at this time. Entry will only be permitted to those visiting residents who are receiving end of life care.

Essential Caregivers

Up to 2 designated Essential Caregivers can visit a resident at one time. Caregivers must have at least 1 dose of a vaccine to enter and be fully vaccinated as of February 21, 2022 unless a valid medical exemption can be provided or visiting a residents receiving end of life care.

Please note **masks are required at all times**. Food and drink should not be consumed during your visit.

Proof of vaccination

Starting January 4 you will need to present your QR code as proof of vaccination. The QR code can be used digitally or by printing a paper copy. Those with valid medical exemptions will also be required to have a QR code.

Masks

Masks or face coverings are required to enter. You will receive a new medical mask at screening which must be worn at all times.

Let's keep our Village safe and healthy
